

Futsal Development Program

Players born in 2009 and 2010 - Boys & Girls

The Rose City Futsal Development Program is designed to provide players an opportunity to train three times a week and compete with players of like abilities. Its goal is to help kids grow in all 5 aspects of the game: mentally, physically, technically, tactically and socially. It is a great opportunity for elite young players to develop in the way that South American kids do - with a lot of Futsal. Emphasis on 3x per week training is to accelerate and deepen the learning process of the style of players we are trying to grow.

Rose City Futsal will provide a consistent schedule with the appropriate number of trainings sessions and games for the age group so players can achieve their best potential. With an organized schedule, we hope that families will have an opportunity to also enjoy life outside of futsal/soccer which is an important aspect in player's social development. Rose City Futsal will follow the European and South American calendar and will have players training on a 10-month calendar (September-June) which is the appropriate training cycle for an athlete. During the Summer months, we expect and encourage players to have some down time from organized practices, enjoy family and the NW sunshine. Players are still encouraged to kick the ball around with friends during the off-season in non-structured environments to allow for creativity to grow and to develop other aspects of the game and life. Open Plays and Summer Camps will still be offered for those wanting more time on the ball and some Summer fun.

The goal of the Futsal Development Program is to create teams at both of our locations - RCF West and RCF East. Each location will potentially have two teams of 7-8 players for training purposes. Depending on numbers and the quality of the players, Rose City Futsal may create fewer teams on this age group (I.E: only West location). The top players in this age group will have the opportunity to form part of a team that competes in some special events/leagues (I.E: regionals and/or nationals).

The focus of this program is to develop well rounded elite players that play with joy, confidence and character. At Rose City Futsal, we aim to develop and prepare young players for the challenges that he/she will face on and off the court. Our goal is to create not only top level players but also great citizens.

Program Evaluations: The Development Program Evaluations will run on a low stress system for the players. Players will mostly play while the coaches observe and make notes about which Rose City Futsal program will best suit the player's abilities and skills. All kids will be observed and recommended to one of Rose City Futsal programs (Futsal Development Program, All-Levels Classes or Advanced Classes). We encourage all 2009 and 2010 players to come play and have some fun!

Evaluations Date & Times: Participants must attend both tryouts dates but will have the chance to choose the preferred team/location to train for the year. If a player is open to train with either team/location then the player will have a higher chance of being selected to a team.

Frequently Asked Questions:

What is the difference between Futsal Development Program and Advanced Classes?

The Futsal Development Program is a selected group of players that train 3x a week and play as a regular group throughout the year. Advanced classes are taught in 7-week sessions and while there are qualifications to be included do not require evaluations. Advanced classes by their very nature, allow players to come and go during the year, the Futsal Development Program expects a full-year commitment.

What is the difference between the Futsal Development Program and Select Teams?

After receiving multiple requests asking for more than once a week training, we decided to offer a full program for those players interested in making futsal their main priority. Rose City Futsal Development Program will train 3x a week and play futsal throughout the year, while Select Teams train futsal once a week and have other outdoor commitments.

The Futsal Development Program is a great opportunity for elite young players to develop in the way that South American kids do - with a lot of Futsal!!

Can I do both Advanced classes and the Futsal Development Program?

The Futsal Development program already includes 3x a week training plus games and/or open plays weekly. If a player would like to add additional classes or trainings we would request that the player notify the coaching staff prior to registering. The coaching staff will determine if the extra training is appropriate for the player and necessary. Every player is unique on their needs and we will treat each situation individually and accordingly.

Will my child's group be assigned a coach?

Groups will have an assigned coach but may also work with different coaches throughout the year. With our Director of Coaching overseeing programs and hands-on involvement, we look to assure consistency and continuity throughout Rose City Futsal Programs at all age levels.
