WHY FUTSAL AND WHY RCF?

My coaching philosophy is deeply shaped by my background in both outdoor soccer and futsal. I'm a firm believer that futsal is a powerful tool for developing young players — it sharpens technical skills, encourages creativity, and builds quick decision-making under pressure. These elements are crucial and were key to why I joined RCF since they regularly integrate these elements into their sessions to help players become more confident, adaptable, and dynamic on the field. Coaching is more than a profession for me — it's a way to give back to the game that's given me so much. I am committed to helping players grow not only as athletes but as people and RCF provides that environment. I am very excited to be part of the team and eager to contribute to the player's development.
